Self-taught Full-Stack Engineer with 1-3 years of experience in web development combining multiple Codecademy certifications, technical expertise from Apple, coding instructor experience, and client facing experience. Passionate about updating and creating technology and interfaces that accurately reflect the 21st century.

SKILLS

Proficient: HTML5, CSS3, JavaScript (ES6+), React, JSON, REST APIs, Node.js, Express.js, Git, GitHub, PostgreSQL, SQL, VSCode, Responsive Web Design, Figma, Netlify, Postman

Knowledgeable: TypeScript, Vue.js, State Management (Redux), Unit Testing, Webpack

TECHNOLOGY EXPERIENCE

Code Ninjas

CODE INSTRUCTOR

September 2023 - August 2024

- Guided learners to aid understanding and knowledge of technology and coding concepts
- Taught JavaScript, Python, and C++ fundamentals using Impact, Microsoft MakeCode, and Unity
- Customized and supplemented curricular materials to ensure knowledge transfer and growth
- Debugged student code projects using browser developer tools and collaborative troubleshooting
- Leveraged educator background to inspire learners' confidence in technology, math, and science

Web Development Projects

FRONT-END DEVELOPER

July 2022 - Present

- Built responsive user interfaces using modern JavaScript frameworks including React
- Implemented state management solutions for complex user interactions
- Utilized Git version control for project management and collaboration
- Applied accessibility best practices and semantic HTML in all projects
- Performed unit testing to ensure code reliability and maintainability

Apple

TECHNICAL EXPERT

June 2017 - October 2021

- Interpreted customer concerns and delivered appropriate product diagnoses and solutions
- Flexibly rotated through multiple technical specialties and skill sets with ease and confidence
- Translated technical knowledge via Apple iOS hardware and software technician certification
- Troubleshoot device issues with customers and communicated appropriate solutions
- Trained new employees on software and hardware troubleshooting and company values

PICS ITECH

CLIENT ACCOUNT MANAGER

October 2021 - May 2022

- Managed CRM account data and quickly resolved service tickets queue for 60+ clients
- Collaborated with clients to understand their business objectives and technical requirements
- Liaised between clients and technical teams, assisting communication and understanding
- Collaborated with internal and external partners to drive projects from onboarding through closure

ADDITIONAL WORK EXPERIENCE

AmeriCorps

CORPS MEMBER

February 2014 - May 2016

- Managed programmatic initiatives and outreach strategies for remote cross-functional teams
 - Led project development, coordination, and implementation for internal and external teams
-

EDUCATION & CREDENTIALS

Full-Stack Engineer Professional Certification, Codecademy 2024
Front End Engineer Professional Certification, Codecademy 2024
Certified Apple iOS Hardware and Software technician, Apple 2019
Bachelor's Degree Equivalent through Codecademy certifications and professional experience

ADDITIONAL TECHNICAL QUALIFICATIONS

- Experience with RESTful web services and HTTP protocols
- Proficient in debugging with browser developer tools
- Understanding of responsive design principles and implementation
- Familiar with SEO and web accessibility standards
- Self motivated, constantly learning new skills, including modern web technologies
- Enthusiastic about learning new languages and frameworks for future projects
